Park St. Bristol

April 2nd - 53

Dear Mrs Chapman -

Happy am I that my friends Mr. & Mrs Charles Wicksteed go to Paris though only for a day - if it give them time to see you & you to see them. Mrs. Wicksteed is the sister & cousin of the Luptons of Leeds. - indeed herself one of them, - excuse the Irishism, - with whose good works for the Boston Bazaar you are fully acquainted. - Of their interest in the Cause - my strong attachment to them - and interest in them - you may judge when you know that my visit of "a month" was prolonged to three months! - When with them I often longed that

you should become personally
acquainted with one another
and this visit to Paris. I hope may
prove the beginning of an intimacy
that I am sure would be productive of great
pleasure to all parties.

They will tell you of their plans
to visit Italy, returning from which
land of many intents. This time last
year - our party were happily with
you. - Can you tell me of Madame
Gaimard? If you see her pray give
her my very grateful & kind re-
membrances. - I was happy to see
Miss Hunter's tribute in the Standard
to Mr Schoolcraft - and very happy
am I for the Lamb's sake - and
for the sake of our friends Gay
that Alvin Johnson goes to N.Y.
through Pennsylvania Avenue the
top of him. - It has long been
evident to me that Sydney was
breaking under the load he had
to bear - but when the help was

to come from - does him not before appeared. I am happy too in this indication of renewed effort for the 'Standard,' - in the importance of sustaining which - few in Penn. agreed with me, though S. H. G. & C. J. are "fickle folk" bodily they may together do what always has been too much for one were he a Hercules. - Blessings on Wendell Phillips & Parker Pillsbury for their faithfulness.' Neither Charles Sumner - nor Harriet Beecher Stowe - are to be spared - if the interest of the Slave - demanded that they should be "disciplined" - before "all Israel & the sun" -

Last evening there was a Meeting of the "Bristol & Clifton' ladies - What do we not owe to them for their fidelity to "ascertained duty," - and to those who instructed them in it." - When Mrs. Stowe's Normal School' was mentioned

"No! — No coloured Schools No
white Schools" — good Men Tribe
quickly said — and they were
all fully prepared to accord
with your views as set forth to
Mrs. Fallen — We hope that you will
allow them for the Admonitio —

It is hard to stop — so much pressed
upon one to say. Loving remembrance
to you all. — Believe me, My dear
friend, ever truly yours

Sarah Pugh
